FOR IMMEDIATE RELEASE

EV MISSISSIPPI PARTNERS WITH PETSMART AND HUB CITY HUMANE SOCIETY FOR THE FALL DRIVE ELECTRIC AND NATIONAL ADOPT-A-PET EVENT

[HATTIESBURG, MS, September 10, 2021] EV Mississippi, a non-profit organization advocating for the support of hybrid and electric vehicles, has partnered with PetSmart and the Hub City Humane Society for our Fall Drive Electric and National Adopt-A-Pet Event. The event will take place on Saturday, September 18 from 10am until 2pm at the Hattiesburg PetSmart location on Highway 98.

Representatives from Mississippi Power, Nissan, and Tesla will be present to discuss initiatives to promote electric vehicle growth and infrastructure. Owners and enthusiasts will also be on-hand to answer questions about owning and driving hybrid and electric vehicles. There will be demonstrations on charging Tesla-specific vehicles utilizing the Tesla SuperChargers located adjacent to the event. Electric vehicles are fun to drive and offer great benefits such as low maintenance and lower cost to fuel.

Hub City Humane Society is an open admission animal shelter servicing Lamar County and the City of Petal dedicated to providing compassionate care of homeless, neglected and abused animals. Pets will be available for adoption on-site at the event.

Raffle tickets will be available for a variety of giveaways and all donations/proceeds will benefit Hub City Humane Society. EV Mississippi invites the public to come out and enjoy food and activities while exploring a variety of electric vehicles and pets available for adoption.

Event Details
